Party and Order Management

- All Parties must be closed in 45 days from the date the Party was held.
- Entering payment in full on an order, signifies the order is ready to be processed. Entered orders with payment are subject to be processed by the home office, including the closing of Parties. We do not recommend entering payment on an order, until your order is complete and ready to process.
- Free Sample Sets cannot be added to Party Orders.
- Once an order is placed, it cannot be transferred to a Party by the Consultant or L'BRI home office.
- Once a Party is closed, it cannot be reopened or changed in any way by the Consultant or L'BRI home office.
- If you close a Party with known errors, please call or email L'BRI immediately for help resolving the issue.

Bookings

- In order for Hosts to receive Booking Credits, the original Party and any booked Parties must be qualified and closed within 45 days of each other.
- All bookings must be entered in the original Party before closing the Party.

Host Rewards

- Parties must be qualified to receive the monthly Host Bonus and other Host Rewards.
- Monthly Host Bonus is awarded based on the Party close date. Only Parties closed from the 1st-7th of each month have the option to choose the current or previous month's Host Bonus.
- All Host Rewards must be claimed by placing a New Host Order on a Party, prior to closing the Party which includes half-priced items, if applicable. Half-priced products cannot be ordered after a Party is officially closed.
- Basic, Intense, Anti-Aging, Blemish, and Excessively Oily Sets are not available to a host as a half-priced item.
- The \$20 Serum Specials, half-priced items, orders placed with L'BRI Credit, shipping and tax do not count toward the total sales and calculation of Host Rewards.

L'BRI Credit

- L'BRI Credits (Booking or Host) are applied to the host's account after the Party closes and expire one year (365 days) from the date awarded. Credits must be redeemed **prior to** the expiration date posted.

Host Conversion

- If a host of a Party decides to become a Consultant while their Party is still open with entered orders, the home office can process a Host Conversion where the orders are updated to be under the new Consultant's Party, for host reward purposes only. A Host Conversion can only be processed on Parties that are not yet qualified.
- Booking Redemption Forms must be submitted for a host conversion or in a situation where another Consultant holds the booked Party.

Helpful System Reminder

- L'BRI considers 11:00 p.m. (Central) the end of the day for purposes of all contest periods, promotions, incentives, orders, and Party closing dates.
