

## L'BRI Eyelash Growth Serum

*Flirty, sexy, full lashes is one of the hottest looks happening today. Now every woman can have fuller, longer, thicker, fabulous lashes with our **L'BRI Eyelash Growth Serum**.*

Perhaps you have been hearing about various products which grow eyelashes and you have seen the commercial on TV with Brooke Shields featuring a product called Latisse®. Latisse® contains an ingredient which is considered a drug and if you've heard the commercial there are many possible side effects which can occur when using this product, and it's pricey at \$120.00 a tube.

The exciting news is that L'BRI Eyelash Growth Serum is the only safe eyelash growth serum that has succeeded in using Aloe as the first ingredient and that does not contain prostaglandin a drug used in the treatment of glaucoma which can cause darkening on the eye lid and actual change of eye color along with other potential side effects. It is also free of any harmful preservatives including parabens.

L'BRI Eyelash Growth Serum contains recently discovered proprietary peptides when combined with other essential factors produce amazing eyelash and brow enhancement. L'BRI Eyelash Growth Serum also contains a special nutrient blend to help condition brittle lashes and eyebrows.

Not only does L'BRI Eyelash Growth Serum produce results on both upper and lower lashes, it is considerably more affordable.

Similar products sell for \$75.00 or more with many competitors priced between \$100.00 - \$140.00.

We are proud to bring L'BRI Eyelash Growth Serum to you for only \$63.95! That's approximately half the price of many competitors.

## L'BRI Eyelash Growth Serum **Frequently Asked Questions**

### **Q: Does L'BRI Eyelash Growth Serum really work?**

Yes, it does. In clinical trials every individual who used L'BRI Eyelash Growth Serum saw results. Some results were more dramatic than others, while 100% of every participant reported more beautiful lashes.

### **Q: How is L'BRI Eyelash Growth Serum applied?**

L'BRI Eyelash Growth Serum must be applied along the lash line like liquid eyeliner twice a day for the first 6 weeks and then nightly thereafter.

### **Q: How exactly does L'BRI Eyelash Growth Serum work?**

L'BRI Eyelash Growth Serum contains a proprietary eyelash nutrient blend of proteins which include Pentapeptides which join together with other vitamins and moisturizing agents to condition, lengthen, strengthen and thicken the hair follicles while hydrating the eyelashes all at the same time.

### **Q: How long will L'BRI Eyelash Growth Serum last?**

Each tube of L'BRI Eyelash Growth Serum will last approximately 4 to 5 months if used only on the lash line.

### **Q: Will L'BRI Eyelash Growth Serum irritate my eyes?**

No. L'BRI Eyelash Growth Serum does not contain any irritants. It is safe even if you wear contact lens or if you have extremely sensitive skin.

### **Q: Is L'BRI Eyelash Growth Serum cruelty free?**

Absolutely. We never test on animals or use any animal by products.

### **Q: Can I use L'BRI Eyelash Growth Serum on my eyebrows, and will it work?**

Definitely. L'BRI Eyelash Growth Serum also works to thicken, condition and lengthen eyebrows.

### **Q: Why does L'BRI Eyelash Growth Serum cost so much less than the others?**

Just like our skin care products, we want everyone to be able to afford it.

### **Q: How long before I see results with L'BRI Eyelash Growth Serum?**

Most people will notice some results in just 3 weeks. It may take longer for some and best results are seen in about 8-9 weeks.

The first thing most people will notice is that their lashes look softer and more conditioned with more fullness making it easier and more fun to apply mascara.

The key is to be sure to use the product twice a day for the first 6 weeks. Participants who used L'BRI Eyelash Growth Serum as instructed saw results much more quickly than those who missed a day here and there.

### **Q: Can L'BRI Eyelash Growth Serum be used on those who have lost their lashes through chemotherapy?**

Certainly. L'BRI Eyelash Growth Serum will help strengthen, condition and restore lashes lost through therapeutic treatment.
