

Product Facts & Features

DAILY SKIN BRIGHTENING CREAM

DESCRIPTION:

Create a luminous glow while diminishing dullness and hyperpigmentation. Highly effective when used with Daily Skin Brightening Pads as part of a brightening regimen. Brightening products most effective when used consistently and applied one after the other with no other products between applications. Begin by determining the goal of the customer's skin care program. Not recommended for use with oily or blemished skin types.

KEY INGREDIENTS:

- **Multi-fruit Acid Complex** – a let combination of fruit acids promote smoother, younger-looking skin by increasing the rate of cell renewal.
- **Dimethylmethoxy Chromanyl Palmitate** - skin lightener helps to reduce hyperpigmentation.
- **Daisy Flower and Licorice Extracts** - skin brightener helps lighten dark spots and even out skin tone.

BENEFITS:

- Lightens age spots
- Corrects uneven skin tone
- Improves ruddy skin texture
- With consistent use, skin becomes lighter and brighter

APPLICATION:

Use twice daily for at least the first 30 days. Continue twice daily until desired results are achieved. Maintenance routine will vary depending on degree of sun damage and individual results. Cleanse, apply freshener with a cotton pad, wipe skin with brightening pad and allow to penetrate completely. Follow with brightening cream.

Overall firming or deep lines

For customers whose primary concern is overall firming or deep lines, rather than age spots, lightening or brightening, recommend they cleanse, apply freshener with a cotton pad, apply serum of their choice (Maxifirm, Dermalplex or Time Erase) to target the area of concern followed with brightening pad and brightening cream in that order. For these customers, additional moisturizer usually not needed, but may be applied if the customer's skin is very dry.

Brightening, lightening or age spots

For customers whose primary concern is brightening, lightening or age spots, recommend they cleanse, apply freshener with a cotton pad, use the brightening pad and cream, apply serum of their choice (Maxifirm, Dermalplex or Time Erase) to target the area of concern.

Product Facts & Features
