Intense Eye Repair Cream

This intense eye cream helps smooth the delicate skin around the eye and improves the appearance of wrinkles by increasing skin's hydration. This powerful formula may help diminish the appearance of bags, puffiness, and dark under-eye shadows.

.5 fl oz / 15mL • #1401

BENEFITS:

- Helps diminish the appearance of bags, puffiness, and dark under-eye shadows by improving skin's hydration.
- Smooths and hydrates the delicate skin around the eyes, which may help improve the appearance of wrinkles and fine lines.

DIRECTIONS:

FOR ALL SKIN TYPES.

Apply to entire eye area twice daily with ring finger in a gentle patting motion. If using in conjunction with Smooth n' Firm Eye Repair Gel or an anti-aging serum, apply serum, then eye gel, and follow with eye cream.

ALSO RECOMMENDED:

- **Skin Care Set** - select a skin care set with the trio that best suits your skin type. Choosing a skin care set provides a complete L'BRI skin care regimen, including cleanser, freshener, moisturizer, exfoliator, and eye product. With a set purchase, one of either Time Erase, Maxifirm, or Dermaplex A anti-aging serums is available as a bonus at a reduced price.
- **Facial Masque** – helps tone, tighten, and refine the appearance of large pores to help skin look more firm, smooth, and lifted. Excellent as an overnight spot treatment for blemishes or clogged pores.
- **Anti-Aging & Treatment Products** – choose from our line of anti-aging and treatment products to address specific areas of concern.

KEY INGREDIENTS:

- **Peptides** – help improve the appearance of the visible signs of aging around the eyes.
- **Acetyl Tetrapeptide 5** – has calming, smoothing, hydrating, and firmness-enhancing benefits.
- **Palmitoyl-Tetrapeptide 7** – appears to improve skin elasticity and firmness. It also hydrates, smooths, and helps protect the skin.
- **Palmitoyl-Tetrapeptide 1** – helps increase skin penetration.
- **Dipeptide 2** – a skin conditioning ingredient that can assist with skin renewal and replenishment of moisture.
- **Hesperidin Methyl Chalcone** – a citrus bioflavonoid with antioxidant properties that assists with reducing the appearance of dark circles.
