BENEFITS:

- Helps improve the appearance of age spots and darkened areas left by acne scarring.
- Aids in reducing the appearance of fine lines around the eyes and lips.
- Helps to refine the appearance of enlarged pores.
- Helps to improve skin's clarity.

DIRECTIONS:

Use on clean, dry skin after freshener. Gently massage into targeted areas; fine lines around the mouth and eyes, age spots and acne scars, once daily for 7 days, then increase to twice daily. Allow Time Erase to penetrate the skin for approximately 1 minute before applying additional anti-aging products or moisturizer.

Please note: Slight tingling or redness may be noted for the first few days. This will subside after the skin has acclimated to the Alpha Hydroxy acid, usually within 3-4 days. If redness does not subside or irritation develops, discontinue use.
