### Fade Away Scar and Stretch Mark Cream

Helps fade, firm, smooth and tighten both new and old scars and stretch marks on the body and face. This cream may help provide a reduction in the skin darkness associated with age spots, freckles, and skin discoloration. A combination of intense anti-scar and stretch mark properties with intense hydration and smoothing.

*Contains Hydrolyzed Wheat Protein and Sweet Almond Oil.*

3 fl oz / 94mL • #1215

#### BENEFITS:

- Aides in fading discoloration of stretch marks and scars with regular **twice daily use**.
- May help prevent the formation of new stretch marks with continued use as directed.
- Natural skin lighteners may help to reduce darkness associated with freckles, sun damage, and age spots.
- See visible improvement in 4 weeks and optimal improvement in 8-12 weeks with consistent twice daily use as directed. **Individual results will vary** depending on the age, depth, width and thickness of the scar or stretch mark. While improvement is a realistic expectation, total elimination of very deep or very old scars is unlikely.
- Formulated with aloe vera, peptides, antioxidants, plant extracts, and natural skin lighteners.
- Appropriate for all skin types in adults and children.

#### DIRECTIONS:

##### Body application:

Apply to clean, dry skin, massaging into the affected area until completely absorbed. Do not apply additional moisturizer over Fade Away.

##### Facial application:

Effective alternative to other L'BRI anti-aging products such as Time Erase, Aloe Jelly, or Bakuchiol if desired results have not been achieved. Apply after cleanser and freshener to the affected area only, massaging in until completely absorbed. Do not apply to the entire face or use as a replacement for your facial moisturizer. Do not apply anti-aging solutions or moisturizer over Fade Away.

#### KEY INGREDIENTS:

- **Palmitoyl Oligopeptide** – promotes elasticity, suppleness, and overall skin health.
- **Palmitoyl Tetrapeptide-7** – protein-like molecule for skin repair.
- **Acetyl Hexapeptide-8** – composed of natural amino acids proven to repair and prevent stretch marks and wrinkles.
- **Rutin and Phaseolus Latanus Extract** – powerful antioxidants that inhibit the production of histamine, which improves the body's natural and healthy production of collagen and elastin for younger, more supple skin.
- **Emblica Phyllanthus Extract** – natural skin lightener. Helps remove the pinkish/purple hue from stretch marks and scars.

#### COMPLETE INGREDIENT LIST:
