## Fall 2023 New Product Kit

Five of our most exciting, new must-try products!

### NEW PRODUCTS INCLUDE:

#### Vita•C Tripeptides + Ferulic Acid Anti-Aging Serum

Reveal healthier looking, more radiant skin with this potent, vitamin C-packed, age-fighting serum. Help plump and firm skin while stimulating collagen and elastin production and boosting the skin repair process.

#### Translucent Pore Minimizing Powder

Instantly airbrush the appearance of pores and fine lines. This skin-loving setting powder is the complete package, working undercover, over time to reveal your most beautiful skin.

#### Xtreme Volume Mascara & Primer Duo

First, the primer nourishes and preps lashes, while working as a binding agent. Then, the mascara builds volume, thickness, length and curl. Use a single coat for a natural look or build glamor in layers.

#### Aloe + Collagen Super Beauty Drink Mix

Help reinvigorate your skin with a daily scoop of this berry-flavored drink. Helps support skin hydration for a smoother, visibly plumper look with the appearance of fewer lines and wrinkles. Helps promote skin elasticity and bounce while helping prevent and reverse cell damage caused by aging, UV exposure, environmental pollutants and more.

#### Body Butter – NEW Vanilla Scent – 5 Samples

Sophisticated, simple, sweet and warm – our newest scent is pure comfort.
